Bulletin No. 1

Waxahachie Nursery Company

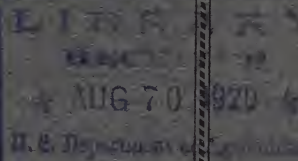

Waxahachie, Texas

December 1, '11

Retail Price List

A complete assortment of Fruit and
Trees adapted to the South

ANNOUNCEMENT

To Our Patrons and Friends

Being disappointed in getting out our regular catalog at time expected, we find ourselves forced to issue instead price list, which we trust will answer the purpose of catalog pending receipt of our regular edition of catalog.

Our assortment of varieties at this date is practically unbroken, and on all stock listed we can supply for winter and spring orders. If customers will confine orders to stock listed the question of substituting other varieties will not have to be considered.

This Bulletin is not intended to take the place of our catalog which will be issued at a later date and sent to any address upon application. We list only varieties in stock at this date.

Guarantee of Genuineness. We use constant care in keeping everything true to name. Mistakes are avoided in every possible way, but when they do occur and when we are promptly notified of such mistakes on receipt of goods, we gladly correct them, and if any stock proves not true to name we will replace it with the genuine or refund price paid for same, but it is mutually agreed between purchaser and ourselves that we are not to be held liable for a greater amount than the original price paid for the goods.

Concerning Replacement. No order is booked under guarantee that stock shall live. Our past policies along this line have been to get stock into customers' hands in good condition, after which we assume no further liability. Our guarantee is to carefully grade and pack each order and give customer in *service* what others promise in replacement.

Our Prices are based on the cost of production and upon a reasonable profit, and are not in competition with cheap trees grown in a cheap way and handled in a careless manner. The schedule of prices herein arranged are, we feel, just to both ourselves and patrons.

Reference to our standing is made to any bank or business firm in Waxahachie, Texas, to commercial agencies, or to thousands of satisfied customers over the Southwest.

WAXAHACHIE NURSERY CO.,
Waxahachie, Texas.

SUGGESTION TO PLANTERS

How to Order. Write plainly name, postoffice and express or freight office, stating whether goods are to be shipped by freight or express. While express costs about one-third more than freight it is more satisfactory, especially on small orders. *We allow 10% discount on all mail orders* which amount means practically *free delivery*. Fill out order carefully, marking number, grade and price on order blank furnished. Attach bank draft or postoffice money order payable to Waxahachie Nursery Company.

Allowance for Freight or Express. A credit of 10% is allowed customer to apply on transportation charges. See reference on order sheet, "Freight or Express Allowance." On orders amounting to \$5.00 or over this credit should fully cover cost of transportation. The 10% credit should be deducted from amount of order when remittance is made.

Cultivation. Read carefully our bulletin which accompanies each order. This is specially prepared for customers' guidance in caring for orchard.

Remember that we want to serve you acceptably. We appreciate the splendid patronage given us in the past, and shall earnestly strive to merit a continuance of your favors. Our new catalog will be ready for distribution in the near future and will be sent upon application.

PEACH TREES

A large assortment that is first-class in every particular. The following prices will apply for winter 1911 and spring 1912:

	Each	10	100	1000
Grade XX 5 to 6 feet.....	\$.40	\$3.50	\$30.00	\$250.00
Grade A, 4 to 5 feet25	2.50	22.50	175.00
Grade B, 3 to 4 feet20	1.75	15.00	125.00
Grade C, 2 to 3 feet15	1.25	10.00	75.00

NOTE—Our surplus is heaviest in Grade B, 3 to 4 foot stock. This is a popular grade and is very satisfactory, especially for large plantings. We can fill orders in following varieties in grades named above.

VARIETIES

May

Alexander. Semi-cling, large, round, rich cheek. Eery valuable.

Greensboro. Medium to large, oblong, rich cheek, clingstone, sub-acid.

Sneed. Small, oblong, white, good quality. Tree a straggling grower.

June

Chinese Free. Large, round, red cheek, rich, delicious, very valuable. Freestone.

Rogers. Very large, white with red cheek. Clingstone. One of the best for its season.

Mamie Ross. Too well known to need a description. Large, round, semi-cling, quality superb.

Carmen. Almost identical with Mamie Ross except freestone. Very valuable.

July

Arp Beauty Large, yellow, good. Especially valuable in sandy soils of East Texas where it originated. Freestone.

St. John. Round, yellow, valuable, an upright grower, valuable for canning. Freestone.

Crawford's Early. Large, early, sub-acid. Freestone.

General Lee. Large, rich, oblong, valuable. Clingstone.

Chinese Cling. Very large, oblong, tree a good grower but poor bearer. Tree valuable only for home orchards. Cling.

Champion. Large, white, valuable. Clingstone.

Family Favorite. Large, red cheek, valuable. Tree a good grower and sure bearer. Freestone.

Elberta Cling (Elbird-Chillow, etc.) As the name implies a duplicate of the renowned Elberta, with all its character-

istics, except clingstone. One of the most valuable.

Elberta. A freestone of exceptional worth. More largely planted and known than any other variety. Valuable everywhere.

July Heath Cling. Large, white, melting juicy. A clingstone of rare quality.

Minnie Stanford. Large, yellow, oblong, splendid quality, good shipper, very valuable. Clingstone.

August

Old Mixon Cling. Large, round, white with red cheek, juicy, rich, valuable. Cling.

Kidd's Choice. Large, yellow, oblong, hardy and prolific. Tree upright grower and good bearer. Clingstone.

White English. Large, round, red cheek, sweet, very valuable. Clingstone.

Spencer. One of the best freestone of exceptional worth. Large, white, flesh creamy white, rich and melting.

September

Briggs' Cling. Creamy white with red blush. Very valuable, sweet and firm. Clingstone.

Heath Cling. Oblong, white, rich, valuable. One of the best known late peaches. Clingstone.

Salway. A freestone, yellow, large, valuable.

Henrietta. Large, yellow, splendid. A clingstone of splendid worth.

October

Black's Oct. Small, white, rich, melting and juicy. Clingstone.

Stinson. Medium to small. A white clingstone.

Palestine. New and promising. Very large, round, fine quality. Clingstone.

PLUM TREES

This variety of fruit is becoming more popular each year and more widely planted. The following list of varieties are arranged about in their order of ripening. Prices of plum trees:

	Each	10	100
XX, 5 to 6 feet.....	\$.60	\$5.00	\$40.00

Our very large surplus of cherry trees is fine. We are especially long on heavy grades. Prices on cherry trees:

	Each	10	100	1000
Grade XX, 5 to 6 feet	\$.50	\$4.00	\$30.00	\$250.00
Grade A, 4 to 5 feet35	3.00	20.00	150.00
Grade B, 3 to 4 feet20	1.75	15.00	100.00

VARIETIES

Early Richmond. Medium size, round, dark red, rich, acid.

Montmorency. Very large, acid, red, very valuable.

Baldwin. Large, round, sub-acid.

Terry. Red, round, large, acid.

Governor Wood. Sweet, large, white with red blush.

Black Tartarian. Large, sweet, black, valuable.

APPLE TREES

Many varieties of this splendid fruit are succeeding admirably over the Southwest. Plant an apple orchard and you will not regret the venture. The varieties listed below are best adapted to the Southwest. Prices on apple trees:

	Each	10	100	1000
Grade XX, 5 to 6 feet	\$.50	\$4.50	\$40.00	\$300.00
Grade A, 4 to 5 feet35	3.00	25.00	200.00
Grade B, 3 to 4 feet20	1.75	15.00	125.00
Grade C, 2 to 3 feet15	1.25	10.00	75.00

VARIETIES

Early Harvest. Large, round, yellow, sub-acid. Very valuable for cooking. June.

Smokehouse. Large, greenish yellow, sub-acid. Tree very productive. The best summer apple for Texas. Ripe in July.

Red Astrachan. Large, red, sub-acid, good. June.

Red June. Medium to large, conical shape, splendid flavor. Ripe June 1st.

San Jacinto. Similar to Red June but larger and better. A variety of the highest merit for both eating and cooking. June.

Jonathan. Large, red, conical, white flesh, tender, good quality. August.

Missouri Pippin. Large, round, oblate, good. September.

Shockley. Medium size, oblong, bright red, flesh yellow, good keeper, valuable. September.

Ben Davis. An old variety succeeding everywhere. Large, red, striped. Very popular. October.

Gano. Large, round, bright red, exceedingly popular and valuable. October.

M. B. Twig. One of the best fall apples. Tree good grower, hardy and prolific. Large, red tinged with black. A good keeper. October.

Winesap. Rich, large, red, delicious. October.

PEAR TREES

A very large stock of the finest trees we ever grew. Our pear stock will please you. Prices of pear trees, except where noted:

	Each	10	100	1000
Grade XX, 5 to 6 feet.....	\$.50	\$5.00	\$40.00	\$300.00
Grade A, 4 to 5 feet40	4.00	30.00	200.00
Grade B, 3 to 4 feet30	3.00	20.00	125.00
Grade C, 2 to 3 feet20	2.00	15.00	100.00

VARIETIES

Bartlett. Large, bell-shaped, rich, delicious. Very popular. Prices, 5 to 6 feet, 75c; 4 to 5 feet, 50c; 3 to 4 feet, 40c. Ripe in August.

Early Wilder. Medium, red, sub-acid, good. Ripe in July.

Clapp's Favorite. Very large, dull red, flesh yellow, rich and good. Ripe in July.

Le Conte. Large, bell-shaped, productive. Very valuable especially for southern sections. Not hardy north. Ripe in June.

Duchess. Large, oblong, uneven, val-

uable, a sure bearer. Ripe in September.

Garber. A splendid pear for west sections. Tree a good grower and sure bearer. Fruit of good quality. August.

Kieffer. This is the most valuable and extensively planted pear known. Good over the entire country. Tree a good grower and annual bearer. Very large, free from ravages of insect pests and fruit buds withstand very low temperatures, thereby almost insuring a crop of fruit each year. An exceedingly early bearer. Ripe last of September.

JAPANESE PERSIMMONS

Each home should have about it not less than a dozen trees of this magnificent fruit. The tree is entirely at home south of 35°, bearing annually heavy crops of the most luscious fruit.

Prices, 4 to 5 feet, 75c; 3 to 4 feet, 50c; 2 to 3 feet, 30c, 1 to 2 feet, 20.

FIGS

A small surplus in varieties named. Prices: 25c each, \$2.00 per 10, \$17.50 per 100.

VARIETIES. Brunswick, Celestial, Ischia, Magnolia, Brown Turkey.

NUT TREES

Pecans, grafted. This is the richest and most valuable of all nuts. Do not fail to include in your order a few pecans.

Prices 2 to 3 feet \$1.50 each; \$12.50 per 10
..... 1 to 2 feet \$1.00 each, \$10.00 per 10

NUT TREES, Continued

Pecans, Select Seedlings

2 to 3 feet	50c each; \$4.00 per 10

Japan Walnuts

4 to 5 feet	\$1.00 each; \$8.00 per 10
3 to 4 feet75 each; 6.00 per 10
2 to 3 feet50 each; 4.00 per 10
1 to 2 feet35 each; 3.00 per 10

Everbearing Mulberries, Valuable and Hardy

	Each	10	100
8 to 10 feet.....	\$.75	\$7.00	\$60.00
6 to 8 feet.....	.50	5.00	45.00
4 to 6 feet.....	.35	3.00	30.00

Hicks. Very valuable, ripening through June, July and August.

Black English. Early and prolific.

Blackberries and Dewberries

Prices \$3.00 per 100; \$20.00 per 1000

Robinson B., Dallas B., Mo. Mammoth B., Jordan B. Austin D.,
Rogers D., McDonald D.

NOTE—B. for Blackberry, D. for Dewberry.

GRAPE VINES

A large surplus of strong plants.

Prices 20c each; \$2.00 per 10; \$15.00 per 100

VARIETIES

Moore's Early. Large, round, black, hardy, prolific. Ripe in June.

Delaware. Small, round, red, spicy, delicious. June.

Champion. Large, black, hardy, vigorous and prolific. Ripe in June.

Ives' Seedling. A grape extensively cultivated for wine. Bunch medium to large, compact, berry medium, black, juicy, sweet and vinous, with considerable pulp. July 1.

Brilliant. Large, red, delicious, hardy, prolific. Ripe in June.

Brighton. Large, round, red, melting, delicious, hardy and prolific. Ripe in June.

Concord. Large, round, black, hardy, prolific. Ripe in June.

Rommel. Large, greenish yellow, melting, delicious. Middle of July.

Niagara. Large, white, hardy, vigorous, productive. July.

Martha. Medium size, yellow, sweet, hardy, prolific. July.

Carmen. Medium, round, black, fine quality, vigorous and productive. August.

Goethe. Large, pink, vigorous and productive. Ripe in August.

Scuppernong. Large berry, small cluster; some black, others white; sweet, hardy and prolific near southern lakes

GRAPE VINES, Continued

and rivers. \$1 each.

Pocklington. Concord seedling. Called a white grape, but the fruit is a light golden yellow, clear, juicy and sweet.

Agawam. Bunch and berry large, skin thick, brownish red or maroon, flesh tender and juicy, flavor very rich with a delightful aroma, vigorous and productive.

Catawba. Well known as the great wine grape. Bunches large, berries large, of a coppery red color, becoming purplish when well ripened. Ripens

late.

Wyoming Red. A very early red grape. Bunch small, compact and handsome. Berry small to medium, skin bright red, thick, firm, fruit sweet, somewhat foxy but agreeable to most tastes. Vine a very strong grower, very hardy and healthy, foliage small, thick and leathery.

Elvira. Ripens about with Catawba. A very strong, healthy and robust grower, very productive, bunch and berry of medium size and very compact.

EUROPEAN GRAPES

For southwest Texas and the coast country this type of grape is especially adapted. At present our stock comprises only those varieties which have been proven successful in sections mention, and we can recommend these as being of value and commercial importance.

Prices.....50c each; \$5.00 per dozen; \$25.00 per 100

Muscat. Bunches long, loose, berry oval to round, yellowish green. Planted extensively for raisins. August.

Malaga. A strong grower and immensely productive, bunches very large, berries oval, yellowish green, quality good. May be dried as a raisin grape.

Flame Tokay. Bunches large, rather compact, berries large, pale red with bloom, pulp firm, sweet, good, commanding a good price in market. September.

Black Spanish. (or Jacquez, or Le Noir) (Bourquiniana). Small berry, large cluster, black, succeeds well in all southwest Texas. Fine red wine.

Thompson's Seedless. Bunches long and compact, berries small, amber-colored. Makes fine seedless raisins.

Black Cornichon. Bunches long and compound or loose, berries oval, tapering, skin thick and dark, covered with bloom, pulp firm and pleasant.

ORNAMENTAL DEPARTMENT

Shade Trees

Prices on shade trees, except where noted:

2 to 3 inch, 10 to 12 feet.....	\$3.00 each; \$25.00 per 10
1½ to 2½ inch, 10 to 12 feet.....	2.50 each; 20.00 per 10
1 to 2 inch, 10 to 12 feet.....	2.00 each; 18.00 per 10
8 to 10 feet.....	1.00 each; 9.00 per 10
6 to 8 feet.....	.75 each; 6.00 per 10
4 to 6 feet.....	.50 each; 4.00 per 10

Catalpa Speciosa. Valuable for its durable timber and quick growth.

Box Elder. A rapid growing native tree of the Maple family.

Ash. One of the best of our native trees.

Elm. Well known and appreciated, very valuable.

Black Locust. Especially valuable in the west. Planted extensively for street and shade trees, also for wind breaks. Very rapid grower.

Umbrella Tree, Texas. A beautiful, round canopy top. Very desirable, rapid grower. Cannot be graded in height as other shade trees as its growth is low spreading. Prices: 2-inch trees, \$2.00; 1½-inch tree, \$1.50; 1¼-inch trees, \$1.00; 1-inch trees, 50c.

Sycamore. One of the best known and most popular shade trees. Succeeds admirably over a very large area. Quick grower and long-lived.

Carolina Poplar. Large stately grower, beautiful foliage, hardy.

Lombardy Poplar. An upright grower, hardy, valuable, making a quick growth.

Maple, silver. Best suited to moist climate and sandy soils. An exceedingly valuable tree where adapted.

Mulberry, Russian. A quick growth, desirable for its shade and fruit.

Shade Tree Seedlings. Black Locust Seedlings. Will make trees quick. Note special low prices:

4 to 5 feet	\$30.00 per 1000
3 to 4 feet	20.00 per 1000
2 to 3 feet	15.00 per 1000
1 to 2 feet	10.00 per 1000

Flowering Shrubs

Price..... .50c each; \$4.00 per 10

Althæa. Strong, upright growers, with beautiful flowers during the summer: several varieties—white, pink, purple and variegated.

A., Grafted. No more valuable shrub grows than the Althæa. Every imaginable color and form, blooming late in summer when other flowers are resting. Our assortment in grafted Althæa is perfect. Do not confound grafted Athæa with the common sorts. Althæa should be sold and planted as "Assorted," when the effect is most pleasing.

Almond, Flowering. Beautiful rosy blooms, set upon branches early in spring.

Calycanthus. Sweet-scented, beautiful, foliage, fragrant flowers in the spring.

Crape Myrtle. This is a southern plant; much esteemed, very effective both as a single specimen or a small tree, or in groups, as a large shrub. Blooms throughout the entire summer, producing great masses of beautifully fringed flowers in immense panicles.

Deutzias. Upright grower, delicately

FLOWERING SHRUBS, Continued

beautiful pink and white flowers. Very valuable.

Hydrangea. Large, round flowers, white and rose.

Japan Quince. Bright red flowers, very early bloomer. Valuable for hedges.

Lilac. Graceful, upright shrub, beautiful, purple, fragrant flowers in spring

L., Budded. We use for budding this splendid shrub California Privet, giving us the best possible results. Sold only as "white" and "purple." Only the finest sorts are budded.

Syringa. Upright grower; white, fragrant flowers in spring.

Spirea. A graceful shrub; beautiful white flowers.

Snowball. Large globes of pure white flowers appear in spring. Should be planted on north side of building or fence for protection from sun and hot winds.

Tartarian Honeysuckle. A beautiful bush, with bright red and white flowers.

Willow, Flowering. Beautiful blooming bush; flowers during summer. Varieties purple and white.

Climbing Vines

Bignonia. Strong climber; scarlet trumpet flower. 50c each.

Clematis, Jackmani. Flowers from 4 to 6 inches in diameter, intense violet-purple, with a velvety appearance. Hardy. The plant is a free grower and frequently blossoms from midsummer until frost. 75c each.

C., Henryi. New and one of the best perpetual hybrids; of robust habit; not as free a bloomer as Jackmani. The flowers are white, large and very showy. 75c each.

C., Madame Edouard Andre. Flowers large, of a beautiful, bright, velvety red; free-flowering and a continuous bloomer. 75c each.

C. paniculata. (Japanese Clematis). A very hardy climber introduced from Japan, with fragrant, small, white flowers, in clusters, completely covering the upper portion of the vine in late sum-

mer and early autumn. Does well in a sunny situation. Will stand severe pruning in the winter. 50c each.

Honeysuckle. Beautiful trailing vine, in variety, with fragrant flowers, red, white and yellow. 25c each.

Ivy, Boston. (Ampelopsis Veitchii). Vigorous creeper, desirable on walls, stumps, fences, etc. 25c each.

Matrimony Vine. Strong grower, with purple flowers and scarlet berries. 25c and 50c each.

Virginia Creeper. (Ampelopsis quinquefolia). A high climbing vine for walls, chimneys, tree trunks, etc.; well known and popular. Leaves and fruit take on a striking autumn hue. 25c each.

Wistaria. Strong grower, with long clusters of pale blue flowers. 25c each.

W., White. (W. Chinensis alba). Very similar to above, differing in that the flowers are almost white. 25c each.

Hedge Plants

Box. (Buxus sempervirens). Thick green leaves; very ornamental. Price same as Euonymus.

Citrus, trifoliata. (Hardy Orange). Very hardy; green leaves and branches; long spikes. Most valuable southern hedge plant. 1 to 2 ft., 15c each, \$1.50 per doz., \$10 per 100; 2 to 3 ft., 25c each, \$2.50 per doz., \$15 per 100.

Euonymus, Japonica. Evergreen shrub; shining leaves; beautiful hedge plant. 1 to 2 ft., 35c each, \$25 per 100; 6 to 12 inches, 25c each, \$15 per 100.

Privet, California. Strong, hardy, beautiful; well suited for hedge. Can be pruned into any shape. 2 to 3 ft. plants, \$1 per doz., \$3 per 100; 3 to 4 ft., \$2 per doz., \$5 per 100.

In addition to these plants, beautiful hedges, edgings and screens are often made of evergreens, such as Rosedale and Golden Arborvitae, of Red Cedar; also shrubs, such as Crape Myrtle, Altheas, Spirea, etc.

Evergreens

Prices on Evergreens:

1 to 2 feet, balled in earth, each.....	\$1.00
2 to 3 feet, balled in earth, each.....	1.50

Arborvitæ, American. (*Thuja occidentalis*). One of the finest evergreens for ornamental screens and hedges. It grows rapidly, and soon forms a most beautiful hedge. It bears trimming, and plants that have been rendered compact by clipping retain the fresh green of the leaves in the winter better than those with more open foliage.

A., Chinese Compacta. Small, upright, conical, dense green foliage; beautiful.

A., Chinese Golden. Similar to Compacta, except foliage is tinted with gold.

A., Golden. (*Biota orientalis aurea*). This is a very compact and popular form, retaining its beautiful habit naturally, and has a somewhat golden hue superseding the bright green. Very suitable for small places, such as front yards, cemeteries, etc.

A., Rosedale. Beautiful bluish green hybrid between Arborvitæ and Juniper, or Cypress. Most desirable.

Cedar, Red. Hardy native; will grow large or it can be pruned to any size or shape like all evergreens.

Broad-Leaved Evergreens

Prices same as Evergreens, above.

Cape Jasmine. (*Gardenia florida*). Glossy foliage, with beautiful white flowers; very fragrant. 50c.

Magnolia, grandiflora. Finest of all southern trees. Large white flowers, broad green foliage.

Mexican Tuberose

Too much cannot be said in praise of this wonderfully grand rose. It is almost a constant bloomer, very fragrant and beautiful. \$1 per doz., \$2.50 per 100.

ROSES

The Rose is rightly termed "Queen of Flowers," and there is probably no section of country where they can be grown with so little trouble as here.

The fine everblooming sorts which must be grown under glass in the North are hardy here, and by selecting from the following list, planting and properly cultivating, the finest blooms imaginable may be had almost every day from April until November. In making selections, we suggest that customers order those which we class as "hardy," which means they are safe in this climate. A few varieties which we grow are only spring bloomers, which we offer because of their special merit; almost the entire list of sorts which we grow are everblooming. All plants bloom in field before they are shipped out. We know they are true to name and are as good as money can buy.

100,000 Field-Grown Roses

Price, extra strong, No. 1 plants 50c each, \$5 per doz., \$40 per 100

American Beauty. Everbloomer. Rich, rosy crimson, very hardy.

Augustine Guinnoisseau. (White La France). Everbloomer. Pearly white. Hardy.

Baldwin. (Helen Gould). Everbloomer. Color a beautiful carmine. Hardy

Baltimore Belle. Blooms in spring only. Pale bluish blooms in clusters. Very hardy. Climber.

Bessie Brown. Everbloomer. Very large and double, creamy white, hardy.

Bon Silene. Everbloomer. Deep rose, free-blooming, very fragrant. Hardy.

Bridesmaid. Everbloomer. A fine clear dark pink. Hardy.

Catherine Mermet. Everbloomer. Clear shining pink. Hardy.

Champion of the World. Everbloomer. Deep rose; very hardy.

Climbing Bridesmaid. Everbloomer. Color same as Bridesmaid. Hardy.

Climbing La France. Everbloomer. Silvery pink, tinged with crimson. Hardy.

Climbing Malmaison. Everbloomer. Is identical with Malmaison in color. Hardy.

Climbing Marie Guillot. Everbloomer. Pure white; climber.

Climbing Meteor. Everbloomer. Rich, velvety red. Hardy.

Climbing Paul Neyron. Everbloomer. Large, deep pink flowers; extra fine; hardy.

Climbing Perle. Everblooming. Same

as Perle, except climbing habit.

Climbing Mad. Caroline Testout. Bright, vivid rose, very free and constant bloomer, showy, vigorous climber.

Climbing Reve d'Or. Buff-yellow, similar to Marechal Niel; vigorous, hardy, new.

Coquette de Lyon. Everbloomer. Canary-yellow, best yellow for bedding. Hardy.

Coquette des Alpes. Everbloomer. Pure white flowers; small; very hardy.

Crimson Rambler. Blooms in spring only. Rich, glowing crimson, blooms in clusters, a very hardy climber.

Duchesse de Brabant. Everbloomer. Soft rosy pink. Hardy.

Duchess of Albany. (Red la France). Everbloomer. Brilliant rose-pink. Hardy.

Empress of China. Blooms in spring. Light pink, like an apple blossom, very hardy, climber.

Enchantress. Everbloomer. In color creamy white, tinged with buff in center.

Etoile de Lyon. Everbloomer. Rich golden yellow. Extra fine. Hardy.

Etoile de France. Fine buds on long, stiff stems; few thorns; dark velvety crimson; fragrant and lasting.

Frances Willard. Everbloomer. Pure snow white.

General Jacqueminot. Blooms in spring only. Shining crimson, highly esteemed. Very hardy.

ROSES, Continued

Golden Gate. Everbloomer. White, tinged with golden yellow and clear rose. Hardy and fine.

Helen Gould. Everbloomer. Color warm rosy crimson. Hardy and fine.

Helen Good. A new crochet tea Rose; delicate yellow, suffused with pink. Large and free-flowering.

Hermosa. Everbloomer. Color rose: a constant bloomer. Hardy.

Kaiserin Augusta Victoria. An everbloomer. Color delicate creamy white; long, pointed buds. Strong, healthy grower. Very hardy.

La France. Everbloomer. Silvery pink, tinged with crimson. Very hardy.

Lamarque. Everbloomer. Pale canary-yellow; a climber. Very hardy.

Madam Albert Chatenay. An everbloomer. Rosy carmine. Extra fine. Hardy.

Madam Alfred Carriere. Everbloomer; white, tinged with pale yellow. Hardy.

Madam Caroline Kuster. An everbloomer. Beautiful orange-yellow. Hardy.

Madam Caroline Testout. Everbloomer. Brilliant satiny rose. Hardy.

Madam Charles Wood. Everbloomer. Color bright fiery scarlet. Hardy.

Madame de Watteville. Everbloomer. Creamy yellow edged with rose.

Madam Elie Lambert. Everbloomer. White, shaded with yellow and rose. Hardy.

Madam Frances Kruger. Everbloomer. Color coppery yellow. Hardy and full.

Madam Lombard. Everbloomer. Color rosy bronze.

Madam Plantier. Blooms in spring only. White hybrid perpetual. Hardy.

Malmaison. Everbloomer. Color creamy, flesh, extra good quality. Hardy.

Marechal Niel. Everbloomer. Color deep golden yellow; rather tender. Climber.

Marie Guillot. Everbloomer. Pure white, faintly tinged with pale yellow. Hardy.
